SUPPLEMENT TO
REPORT NO.

1. It has been reported that the Communist Party of Chile (PCCh) will discontinue for the present all gestures toward the formation of a united workers' front, and will devote its energies exclusively to action at lower levels. Results of action on this level have so far been extremely gratifying to the Party. The Communist directorate feels that once all the various labor organizations are thoroughly penetrated in their lower levels, the time will be ripe for a drive toward over-all unification under Party leadership.
2. However, Communist Party instructions to its labor organizations are to place in syndicate directorates every Communist who is not identified with the Party.
